Requirement: CANCELLED.

This AD is cancelled on 22 April 2010.

Background: This AD was raised in 1967 against Hawker Siddeley Aviation Service Bulletin (SB) 125-57-18 requiring a modification to prevent fouling of the aileron "A" lever. Compliance was required within 100 hours time in service.

As this AD has been promulgated for an extended period of time it is considered to be no longer required. This AD is therefore cancelled.
