British Aerospace BAe 125 Series Aeroplanes

AD/HS 125/12 Control Column Gaiter - Modification 8/2010

Requirement: CANCELLED.

This AD is cancelled on 22 April 2010.

Background: This unique Australian AD was raised in 1967 requiring installation of a gaiter on the control column to prevent ingress of foreign objects that could restrict travel of the control column. Compliance was required forthwith.

As this AD has been promulgated for an extended period it is considered to be no longer required. This AD is therefore cancelled.
