
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, this AD is revoked by CASA ADCX 007/10.

British Aerospace BAe 125 Series Aeroplanes

AD/HS 125/14 Nose Gear Leg Mounting Bracket - Inspection 8/2010

Requirement: CANCELLED.

This AD is cancelled on 22 April 2010.

Background: This AD was raised in 1968 against Hawker Siddeley Service Bulletin (SB) 125-53-37 requiring repetitive inspection of the right hand nose leg mounting bracket. Installation of modification 25/2048 precluded further inspections. Inspection was required within 25 hours TIS and thereafter at intervals not exceeding 100 hours TIS.

As this AD has been promulgated for an extended period and the modification would have been actioned by now, it is considered to be no longer required. Therefore this AD is cancelled.
