

British Aerospace BAe 125 Series Aeroplanes

AD/HS 125/78

Sealing of APU Plenum Shroud

7/86

Applicability: All DH/HS/BH/BAe 125 series up to and including aircraft 258030 post mod 251605 and 258748.

Requirement: Action in accordance with British Aerospace SB 49-31-(9286A) Rev 1.

Note: C.A.A. Airworthiness Directive 007-02-86 refers.

Compliance: Prior to 31 December 1986.

Background: To reduce the possibility of APU fuel leakage into the rear equipment bay.
