

British Aerospace BAe 125 Series Aeroplanes

AD/HS 125/126
Amdt 1

Electrical Power/Generator Power

12/93

Applicability: British Aerospace 125 Series Aircraft as follows:

Series F400	Post Mod	252556
Series F600	Post Mod	252475
Series 700	Pre Mod	252636
	Post Mod	252789
	Pre Mod 252789 & Post Mod 252636	
Series 800	Pre Mod	253149
	Post Mod	253149

Requirement: Modify the aircraft in accordance with Corporate Jets Limited 125 Series Aircraft Mandatory Service Bulletin No SB-24-289-3267A, B, C, D, E, F & G Revision 1 dated 10 April 1992.

Note: This Service Bulletin has been classified as mandatory by the CAA(UK).

Compliance: The compliance for the original issue of this Directive was prior to 30 June 1992. The compliance for this amendment is prior to 30 April 1994.

Background: This modification reduces the possibility of earth wire damage bringing about an uncontrolled overvoltage, with a resulting battery overheat and/or failure of sensitive equipment. This amendment is issued following the publication of Revision 1 to the Service Bulletin which provides alternate earth locations and relay positions for some Series 400, 600 and 700 aircraft with different configurations.
