

British Aerospace BAe 3100 (Jetstream) Series Aeroplanes

AD/JETSTREAM/37

**Brake Master Cylinder
Mounting Assembly**

9/90 DM

Applicability: Model 3100 and 3200 with constructors numbers 601 to 870.

Requirement: Action in accordance with BAe Alert SB 27-A-JA 880145.

Compliance: Effective forthwith, in accordance with the Requirement Document.

Background: There has been a report of cracking of the brake master cylinder lower mounting bracket. Failure of the bracket would result in loss of braking on the affected wheel.
