

British Aerospace BAe 3100 (Jetstream) Series Aeroplanes

---

**AD/JETSTREAM/55**

**Engine Fire Protection  
System Hose Assemblies**

**13/92 DM**

Applicability: British Aerospace Jetstream Series 3100 and Series 3200 aircraft constructor's numbers 601 to 964 inclusive with the exception of numbers 703, 705 and 707.

Requirement: Action in accordance with the technical requirements of the CAA (UK) Airworthiness Directive 006-10-92.

*Note: British Aerospace Alert Services Bulletin 26-A-JA920401 refers.*

Compliance: As detailed in the Requirement Document with a compliance date of 8 December 1992.

Background: All hoses identified in the Directive must be replaced because the manufacturer has determined that the hose material may be subject to premature ageing.
