

SAAB SF340 Series Aeroplanes

---

**AD/SF340/31**

**Stabilizer De-Icing**

**3/92**

Applicability: Model 340B Serial Number 240 through 299 inclusive.

Requirement: Action in accordance with the Technical Requirements of LFV (Sweden) AD No 1-051.

*Note: SAAB SB SAAB 340-30-039 refers.*

Compliance: Prior to issue of a Certificate of Airworthiness.

Background: Freezing of the control valve and the pressure switch located in the dorsal fin may result in continuously inflated or deflated de-ice boots.
