

SAAB SF340 Series Aeroplanes

---

**AD/SF340/53**

**Anti-Skid Drive Coupling**

**5/96  
DM**

Applicability: All SAAB SF340A S/N 004 through 159 and SF340B S/N 160 through 378 aircraft.

Requirement: Unless previously carried out, action in accordance with SAAB Service Bulletin 340-32-107 dated 18 January 1996.

*Note: Swedish AD No 1-085 R1 refers.*

Compliance: Prior to 30 April 1996.

Background: The manufacturer has advised that numerous occurrences of unexpected brake pressure reductions have been reported. In one incident an aircraft ran into an airport building.
