Tail Rotor Control Spider

8/2009

Requirement: CANCELLED.

This AD is cancelled on 30 July 2009.

Background: This unique Australian AD specified inspection within 100 hours time in service after July 1987; and on any occasion the tail rotor control spider assembly was installed. Aerospatiale telexes 11185 and 11538, both dated 1987, were relevant. The AD is no longer required.
