
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/HU 269/69.

Schweizer (Hughes) 269 Series Helicopters

AD/HU 269/69 Alternator Circuit Protection - Modification 5/2009

Requirement: CANCELLED.

This AD is cancelled on 7 May 2009.

Background: This unique Australian AD raised in 1980 required a modification by installation of Alternator circuit protection devices following a report of smoke in the cockpit caused by grounding of the field circuit within the Alternator.

Compliance was: Within 100 hours TIS after 30 June 1980.

This AD has been sufficiently promulgated for the affected aircraft to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

27 March 2009
