## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/R22/24 Amdt 1.

---

### Robinson R22 Series Helicopters

**AD/R22/24**                      **Lower Actuator Bearing Mounting Brackets**                      **11/2006**  
**Amdt 1**

Requirement:      CANCELLED.

This AD is cancelled on 26 October 2006.

Background:      This AD originally required the incorporation of SB-44. That SB has been included in the maintenance manual. Amendment 1 of this AD subsequently reflected that requirement. The maintenance manual has subsequently been amended. The requirements of this AD are no longer required because they have been included into the maintenance manual.

James Coyne  
Delegate of the Civil Aviation Safety Authority

13 September 2006
