
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/R22/35 Amdt 1.

Robinson R22 Series Helicopters

**AD/R22/35
Amdt 1**

Rotor Mast Shaft Nuts

5/2009

Requirement: CANCELLED.

This AD is cancelled on 7 May 2009.

Background: This unique Australian AD specified removal of main rotor gearbox, inspection, replacement of components and re-installation in accordance with the maintenance manual at the next inspection for issue of a maintenance release after August 1992 or by March 1993, whichever occurred first. The AD was not based on a Robinson service document and is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

17 March 2009
