## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/R22/39.

---

### Robinson R22 Series Helicopters

**AD/R22/39**

**Upper Clutch Actuator Bearing**

**5/2009**

Requirement: CANCELLED.

This AD is cancelled on 7 May 2009.

Background: This unique Australian AD specified inspection of the upper clutch actuator bearing housing to determine whether an approved bearing was installed. Inspection was required by June 1995. The AD was not based on a Robinson service document and is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

27 March 2009
