

Allison Turbine Engines - 250 Series

---

**AD/AL 250/48  
Amdt 3**

**Fourth Stage Turbine Nozzle  
P/N 6898694 - Inspection**

**5/83**

Applicability: Allison 250-C30, C30P and C30S engines and turbine assemblies as detailed in the requirement document.

Document: Allison 250-C30, C30P, C30S : CEB-A-72-3056, Rev. 3.

*Note: As FAA Airworthiness Directive No. 81-13-12 refers in part only. Compliance to this level does not constitute full compliance with Amendment 3 of this Directive.*

Compliance: In accordance with the requirement document upon receipt of this Directive.

Background: This Directive was initially issued as the result of the receipt of FAA Directive No. 81-13-12. It is raised in issue to promulgate the changes made in Revision 3 of CEB-A-72.3056 which includes wider model affectivity, additional inspections and adds parts life limitations.
