

General Electric Turbine Engines - CJ610 Series

AD/CJ610/4

Outer Combustion Casing

9/85

Applicability: All CJ610 series engines fitted with outer combustion casings P/No. 37R601112P115, 37R601112P119, 6006T64G01, 2920T29P01, 2920T29P02, 2920T29P03.

Document: General Electric Alert Service Bulletin (CJ610) A72-116 and Addendum 1; or
AD/GE-T/29A.

Compliance: As detailed in the Requirement Document.

Background: This Directive is raised in issue in order to add Addendum 1 to the manufacturer's reference document. This addendum adds further affected outer combustion casing part numbers.
