
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AC-100/3.

S.L. Industries Commander 100 Series and Volair 10 Series Aeroplanes

AD/AC-100/3 Rudder Bellcrank Assembly - Modification 9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This unique Australian AD, raised in 1968 against Aero Commander Service Bulletin (SB) No. 1006, required modifications to increase the service life of the rudder bellcrank assembly and improve nose wheel steering.

Compliance was forthwith.

As all affected aircraft would have been modified by now, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority
