

Beechcraft 60 (Duke) Series Aeroplanes

AIRWORTHINESS DIRECTIVE

For the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 60/21 Amdt 2.

**AD/BEECH 60/21
Amdt 2**

Pilot's Side Window

12/2000

Requirement: CANCELLED.

Background: This Directive required placard installation to prohibit pressurised operation of certain serial number aeroplanes if they did not have upgraded pilot's side windows installed. Compliance date was 28 June 1974. During a review of airframe ADs for the Beech heavy twin engine models, it was determined that this requirement could be cancelled because with the passage of time all affected aircraft will by now have been modified and have the upgraded windows installed.
