
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 77/8.

Beechcraft 77 (Skipper) Series Aeroplanes

AD/BEECH 77/8

Horizontal Stabiliser Attach Bolts

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD, raised in 1981 against Beechcraft Service Instruction (SI) No. 1193, required an inspection of the horizontal stabiliser attachment bolts to ensure that the bolts were correctly installed at initial assembly.

Compliance was within 100 hours TIS after 31 October 1981. As all affected aircraft would have been inspected, and, if necessary, modified long ago, this AD is no longer required.
