## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/FA-200/7.

---

### Fuji FA-200 Series Aeroplanes

#### **AD/FA-200/7      Rudder Cables - Inspection and Modification      7/2009**

Requirement:      CANCELLED.

This AD is cancelled on 2 July 2009.

Background:      This AD, raised in 1970 against Fuji Industries Service Bulletin (SB) SB No. FAS-021, required an inspection and modification of rudder cables. Compliance was required within 1000 hours TIS after 1 September 1971.

As all affected aircraft would have been inspected, and, if necessary, modified long ago, this AD is no longer required.

David Villiers  
Delegate of the Civil Aviation Safety Authority
