
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/FA-200/12.

Fuji FA-200 Series Aeroplanes

AD/FA-200/12

Auxiliary Fuel Pump - Modification

7/2009

Requirement: CANCELLED.

This AD is cancelled on 2 July 2009.

Background: This unique Australian AD raised in 1971 against Fuji Industries Service Bulletin (SB) SB No. FAS-056 required a modification by installation of an overboard drain tube for the auxiliary fuel pump. Compliance was within 100 hours TIS after 30 September 1971.

This AD has been sufficiently promulgated for the affected aircraft to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

22 May 2009
