## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/FA-200/18.

---

### Fuji FA-200 Series Aeroplanes

**AD/FA-200/18**

**Fuel System - Placard Installation**

**7/2009**

Requirement: CANCELLED.

This AD is cancelled on 2 July 2009.

Background: This unique Australian AD raised in 1976 required a modification by installation of a fuel system placard for all model FA-200 series aeroplanes with Serial No's 1 to 100 not modified in accordance with Fuji Industries Service Bulletin (SB) SB No. FAS-032.

Compliance was within 100 hours TIS after 30 July 1976.

This AD has been sufficiently promulgated for the affected aircraft to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority
