

Airparts (NZ) Ltd. FU 24 Series Aeroplanes

AD/FU24/2 **Structural Component - Corrosion - Inspection** **7/68**
Amdt 1

Applicability: All models.

Requirement: Inspect fuselage longerons, centre wing, main and rear spars, wing attachment fittings and other major structural components for signs of corrosion and effect any necessary repairs.

Note: This inspection will involve dismantling the aircraft as it is not provided with sufficient inspection panels to complete inspection of the main structure.

Compliance: At intervals not exceeding 3 years for aircraft engaged in agricultural operations. At intervals not exceeding 5 years for aircraft engaged in operations other than agricultural.
