## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/FU24/55.

---

### Airparts (NZ) Ltd. FU 24 Series Aeroplanes

### AD/FU24/55 Oil Pressure Gauge Line - Fitment of Restrictor 5/2009

Requirement: CANCELLED.

This AD is cancelled on 7 May 2009.

Background: This unique Australian AD, issued in 1979, required a restrictor to be installed in the oil pressure supply line to gauge in accordance with Aerospace Service Letter No. FU/74-3. The AD compliance was within 200 hours time in service after 31 July 1979. As all aircraft would have been modified by now, the AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

27 March 2009
