
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/G164/10.

Schweizer (Grumman) G-164 (Ag-Cat) Series Aeroplanes

AD/G164/10 **Elevator Pushrod Assembly - Inspection** **8/2009**

Requirement: CANCELLED.

This AD is cancelled on 30 July 2009.

Background: This AD, raised in 1967 against Grumman G164 Service Bulletin (SB) No. 41, required inspections to the elevator pushrod assembly at the control stick end followed by a terminating modification.

As all affected aircraft would have been modified long ago, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

18 June 2009
