
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/LA-4/2.

Consolidated Aeronautics, Colonial and LA-4 Series Aeroplanes

AD/LA-4/2

Fuel Line - Replacement

7/2009

Requirement: CANCELLED.

This AD is cancelled on 2 July 2009.

Background: This unique Australian AD raised in 1966 required a modification by replacement of light alloy fuel lines located between the engine fuel pump and carburettor with approved fire resistant lines. Compliance was before 16 February 1966.

This AD has been sufficiently promulgated for the affected aircraft to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

22 May 2009
