## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/ML-M4/4.

---

### Maule M-4 Series Aeroplanes

**AD/ML-M4/4**

**Engine Mount Rear  
Support Fittings - Modification**

**2/2009**

Requirement: CANCELLED.

This AD is cancelled on 12 February 2009.

Background: This unique Australian AD, issued in 1967, required modification of the rear engine mount tubes in accordance with Maule Service Letter No. 10 to prevent cracking of the engine mount. The AD compliance was forthwith. As all aircraft would have been modified by now, the AD is no longer required.

David Punshon  
Delegate of the Civil Aviation Safety Authority

12 December 2008
