## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/ML-M4/9.

---

### Maule M-4 Series Aeroplanes

### AD/ML-M4/9      Front Seat Restraint Installations - Modification    2/2009

Requirement:    CANCELLED.

This AD is cancelled on 12 February 2009.

Background:    This unique Australian AD, issued in 1973, required modification of the front seat restraints by fitting an approved safety harness. The AD compliance was prior to 1 December 1973. As the requirements are now covered by AD/GENERAL/74 Amendment 1, the AD is no longer required.
