
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/ML-M5/4.

Maule M-5 Series Aeroplanes

AD/ML-M5/4 **Type Certificate Compliance - Modification** **2/2009**

Requirement: CANCELLED.

This AD is cancelled on 12 February 2009.

Background: This unique Australian AD, issued in 1979, required installation of decals in accordance with Maule Service Letter No. 41, to signify the aircraft is covered by "Razorback" fabric. The AD compliance was within 100 hours time in service after 30 November 1979. As all aircraft would have been modified by now, the AD is no longer required.

David Punshon
Delegate of the Civil Aviation Safety Authority
