
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/MU-2/2.

Mitsubishi MU-2 Series Aeroplanes

AD/MU-2/2 Windows - Cabin and Cockpit - Modification 7/2009

Requirement: CANCELLED.

This AD is cancelled on 2 July 2009.

Background: This AD, issued in 1970, required modification of the cabin and cockpit windows in accordance with MU-2 SB No.102 to extend the service life and improve the in-flight comfort. The AD compliance was before 1800 hours time in service. As all aircraft would have been modified by now, the AD is no longer required.
