

Partenavia P68 Series Aeroplanes

AD/P68/35

LH and RH Muffler Assemblies

6/91

Applicability: All models excluding the 'TC' series.

Requirement: Action in accordance with the Technical Requirements of RAI AD No 91-125/P68-42.

Note: Partenavia Service Bulletin No 83 refers.

Compliance: In accordance with the Requirement Document with revised effective date 30 June 1991.

Background: Due to the possibility of carbon monoxide entering the aircraft cabin through the heating system a repetitive inspection of the muffler assemblies has been introduced.
