
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-20/12.

Piper PA-20 (Pacer) Series Aeroplanes

AD/PA-20/12 Fuselage Structure, Upper Cabin - Inspection 7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This AD was introduced in 1977. The need for periodic inspection of the fuselage structure in the upper cabin is now well-known among Australian maintainers of the PA-20. CASA's Service Difficulty Reporting System contains no evidence of an unsafe condition in this area. In 2008 a review of unique ADs concluded that this maintenance activity no longer warrants an AD.

David Villiers
Delegate of the Civil Aviation Safety Authority
