## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-22/32 Amdt 2.

---

### Piper PA-22 (Tri-Pacer and Colt) Series Aeroplanes

**AD/PA-22/32  
Amdt 2**

**Fuselage Door Frame Tube Corrosion**

**10/2008**

Requirement: CANCELLED.

This AD is cancelled on 25 September 2008.

Background: This unique Australian AD was introduced in 1986 as a once-only inspection to achieve compliance with Piper SB No. 819. Amdt 1 in 1986 offered 3 yearly radiographic inspection as an alternative to the once-only inspection. Amdt 2 in 1993 extended the radiographic inspection interval to 5 years. In 2008 a review of unique ADs concluded that this maintenance activity no longer warrants an AD.

David Villiers  
Delegate of the Civil Aviation Safety Authority
