## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-23/24.

---

### Piper PA-23 (Apache and Aztec) Series Aeroplanes

**AD/PA-23/24**

**Stabilator Tab Horn - Inspection**

**7/2008**

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This Directive was issued in 1971 based on Piper Service Bulletin No. 199. This called for inspection of the stabilator tab horn at each daily inspection until the aircraft was modified in accordance with SB No. 199A. As all affected aircraft would have been inspected and modified long ago, this AD is no longer required.
