**Ammeter Cable Clamp - Inspection
and Replacement**

2/2009

Requirement: CANCELLED.

This AD is cancelled on 12 February 2009.

Background: This unique Australian AD specified once-only inspection and replacement of the ammeter cable clamp. Compliance was required within 25 hours time in service after March 1993. The AD arose from the investigation of a fire in an Australian aircraft. The AD is no longer required.
