
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-25/14.

Piper PA-25 (Pawnee) Series Aeroplanes

AD/PA-25/14 **Fire Protection - Modification - Relocation** **12/2008**
of Primer Line

Requirement: CANCELLED.

This AD is cancelled on 20 November 2008.

Background: This unique Australian AD specified fire-protection of the fuel primer line by diverting it from the area behind the exhaust heat exchanger, or by replacing the copper line with a steel line. The AD was not based on a Piper service document. Compliance was required before September 1971. The AD is no longer required.

Charles Lenarcic
Delegate of the Civil Aviation Safety Authority

22 September 2008
