
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-25/35 Amdt 2.

Piper PA-25 (Pawnee) Series Aeroplanes

AD/PA-25/35 Modification - Placard and Spray Equipment 12/2008
Amdt 2

Requirement: CANCELLED.

This AD is cancelled on 20 November 2008.

Background: This unique Australian AD specified a No-Smoking placard; relocation of the spray boom pressure gauge; and installation of a non-return valve in the spray pressure filling system. The AD was issued in 1976 and compliance was required before issue of an initial Certificate of Airworthiness. The AD was not based on a Piper service document. The AD is no longer required.

Charles Lenarcic
Delegate of the Civil Aviation Safety Authority

9 October 2008
