
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-28/13 Amdt 3.

Piper PA-28 Series Aeroplanes

**AD/PA-28/13
Amdt 3**

**Aileron and Stabilator Balance
Weight Assembly and
Rudder Horn Assembly - Inspection**

9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This AD required inspection of the control surfaces and was originally based on a once-only inspection specified in Piper SB No. 240 and USA AD 67-12-06. Since 1969 it has specified repeat inspections at intervals of 2 years and 200 hours time in service. These periodic inspections were unique to Australia. A review indicated its retention as an AD was no longer warranted.
