AD/PA-28/32

Pitch Trim Switch - Modification

6/2008

Requirement: CANCELLED.

This AD is cancelled on 5 June 2008.

Background: This Directive specified Piper SB No. 332 which called for once-only modification of the electric trim switch on the control wheel. This Directive was based on US Directive 72-17-05. This Directive and 72-17-05 required compliance within 200 hours after July 1971 so the unsafe condition no longer exists.
