## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-28/36.

---

### Piper PA-28 Series Aeroplanes

### AD/PA-28/36      Stabilator Hinge Attaching Bolts - Inspection      7/2008

Requirement:      CANCELLED.

This AD is cancelled on 3 July 2008.

Background:      This Directive specified Piper SB No. 350 which called for once-only inspection of stabilator hinge attaching bolts. This Directive was not based on a US Directive. This Directive and SB No. 350 required compliance in 1972 so all affected aircraft would have been modified long ago. Hence, this AD is no longer required.

David Villiers  
Delegate of the Civil Aviation Safety Authority
