### Piper PA-28 Series Aeroplanes

**AD/PA-28/67                      Electric Pitch Trim Switch - Modification                      7/2008**

Requirement:    CANCELLED.

This AD is cancelled on 3 July 2008.

Background:    This unique Australian AD required once-only modification of the pitch trim switch in accordance with Piper SB No. 556. The AD required compliance within 100 hours time in service after October 1977. As all affected aircraft have now been modified this AD is no longer required.
