Piper PA-28 Series Aeroplanes

AD/PA-28/85

Battery Strap Installation

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD required a once-only modification of the battery strap installation in accordance with Piper SB No. 804. The AD required compliance within 100 hours time in service after July 1985. As all affected aircraft have now been modified this AD is no longer required.
