
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-28/87.

Piper PA-28 Series Aeroplanes

AD/PA-28/87

Stabilator Attach Fitting Corrosion

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD issued in 1987 required inspection of the stabilator attachment fittings at intervals not exceeding one year in accordance with Piper SB No. 856. The CASA Maintenance Schedule requires inspection of empennage to fuselage attachments, and surrounding structure. This inspection no longer justifies an AD.

David Villiers
Delegate of the Civil Aviation Safety Authority
