## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-32/34 Amdt 1.

---

### Piper PA-32 (Cherokee Six) Series Aeroplanes

**AD/PA-32/34**                      **Main Landing Gear Cylinder Cracking**                      **10/2008**  
**Amdt 1**

Requirement:    CANCELLED.

This AD is cancelled on 25 September 2008.

Background:    This unique Australian AD required inspection for cracking of the main landing gear cylinders at each scheduled inspection for issue of a maintenance release. The AD was not based on a manufacturer's service document. A review indicated its retention as an AD was no longer warranted.

David Villiers  
Delegate of the Civil Aviation Safety Authority

14 August 2008
