## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-34/47.

---

### Piper PA-34 (Seneca) Series Aeroplanes

### AD/PA-34/47      Nose Gear Hydraulic Actuator Mount Assembly    11/2008

Requirement:      CANCELLED.

This AD is cancelled on 23 October 2008.

Background:      This unique Australian AD specified periodic inspection for cracking of the NLG hydraulic actuator mount assembly. This AD was not based on a Piper service document. Compliance was required at each scheduled inspection for maintenance release issue. Retaining this inspection as mandatory maintenance is no longer warranted.

David Villiers  
Delegate of the Civil Aviation Safety Authority
