
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PA-42/5.

Piper PA-42 (Cheyenne III) Series Aeroplanes

AD/PA-42/5

Major Structural Fatigue Limitations

6/2009

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This unique Australian AD comprised an incomplete listing of retirement lives of fatigue critical items. A complete listing of retirement lives is provided in the airworthiness limitation section of the maintenance manual. The AD duplicated the effect of Civil Aviation Orders, Section 100.5, sub-section 9, and is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority
