
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/PITTS S-2/6 Amdt 1.

Pitts S-1 and S-2 Series Aeroplanes**AD/PITTS S-2/6
Amdt 1****Upper Wing Front Spar to
Cabane Fitting - Inspection****11/2009**

Requirement: CANCELLED.

This AD is cancelled on 22 October 2009.

Background: This unique Australian AD specified periodic inspection of the front and rear faces of the upper wing front spar to cabane fitting in accordance with Service Letters Nos 2 and 3. Inspection was required at intervals not exceeding 200 hours time in service or 1 year, whichever occurred first. Continued use of an AD to mandate this periodic inspection is no longer justified.
