Gulfstream (Rockwell) 114 Series Aeroplanes

AD/ROCK-114/2A Aileron Hinge Supports - Inspection 9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This unique Australian AD, raised in 1978 against Rockwell International Service Bulletin (SB) No. SB-114-14A, required an inspection and modification due to possible cracking of aileron hinge supports. Compliance was required within 100 hours TIS after 15 August 1978. As and all affected aircraft would have been inspected and modified by now, this AD is no longer required.
