
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/ROCK-114/6.

Gulfstream (Rockwell) 114 Series Aeroplanes

AD/ROCK-114/6 **Fuel Selector Valve - Replacement** **10/2008**

Requirement: CANCELLED.

This AD is cancelled on 25 September 2008.

Background: This unique Australian AD, raised in 1978 against Rockwell International Service Bulletin (SB) No. SB-114-4A, required a modification by replacement of fuel selector valve to prevent possible leakage.

Compliance was within 100 hours TIS after 30 June 1978.

As and all affected aircraft would have been modified by now, this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

25 July 2008
