## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/SWSA226/37.

---

### Fairchild (Swearingen) SA226 and SA227 Series Aeroplanes

**AD/SWSA226/37**      **Fuselage, Lower L.H. Cargo Area Belt  
Frames - Inspection and Modification**      **8/2009**

Requirement:      CANCELLED.

This AD is cancelled on 30 July 2009.

Background:      This AD, raised in 1981 against Fairchild Swearingen Service Bulletin (SB) SB No. 53-007, required an inspection for cracks and modification to the cargo door lower belt frames at the cargo latch receptacles.

The requirements for this AD are contained in AD/SWSA226/84, so this AD is cancelled.
